

## Control Panel Technician/Assembler/Wireman

Intelligent Wellhead Systems (IWS) is currently seeking a Full Time, Permanent Control Panel Technician to join our team. IWS designs, tests, manufactures, and deploys proprietary and unique digital safety and efficiency workflow technologies for oil and gas well completion operations. The company's inVision™ Technology Platform helps oil/gas and oilfield service companies reduce operating risk, lower the total cost of operations, and improve uptime. IWS, a privately owned technology and services company, is backed by Pason Systems Inc. ("Pason") (TSX: PSI). [www.intelligentwellheadsistemas.com](http://www.intelligentwellheadsistemas.com)

IWS is looking for a Control Panel Technician candidate with 2+ years' experience working in an electrical manufacturing environment to join our team. The candidate will work in a fast-paced environment and work with a multidisciplinary support and operations team. This position is in Calgary, Alberta, offers a M-F work schedule plus provides the opportunity to work with a hardworking team with a positive attitude.

### Key Responsibilities:

- Dimensionally lay out back panels and externally mounted devices
- Mount devices to back panels and enclosures using a variety of methods
- Check work to ensure error-free products
- Keep red lines of any changes required during manufacturing and submit to supervisor upon project completion
- Maintain a neat, tidy, and safe workplace
- Responsibly handle tools
- Wear proper PPE as always required
- Other duties and tasks as assigned by management to ensure IWS goals and objectives are met
- Overtime and weekend availability
- Performs all duties to meet the responsibilities listed in IWS Safety and Human Resources Policy Manual
- Performs duties according to IWS's quality system procedures and work instructions
- Ability to read and interpret electrical schematics
- Basic knowledge of electricity and electrical circuits
- Well organized with a strong attention to detail
- Excellent safety record / safety conscious with an interest in continued learning of safety precautions and procedures

- Experience in an industrial capacity with a notable willingness to learn and develop new skills
