

Shop Technician

Introduction/Description:

Intelligent Wellhead Systems (IWS) is currently seeking a Shop Technician to join our team. IWS is a privately owned technology company backed by Pason Systems that specializes in the development and deployment of proprietary well control systems. Through extensive R&D efforts, IWS has developed the inVision product lines. IWS innovation is the result of our team of multi-disciplined engineers, pressure control experts, software developers, and partnerships with leading energy companies. The Shop Technician role is critical to IWS success, providing assistance to the Production Manager and Assembly Technicians.

Ideal Candidate:

- Intermediate Computer Skills- IWS is a computer-based company, proficient computer skills are a must
- Mechanically inclined – ability to work hand and power tools efficiently
- Multi-tasking – ability to work with conflicting priorities whilst under pressure
- Organization skills
- People skills – ability to work closely in a team environment
- Confident communication
- Positive attitude, good work ethic and desire to take on new initiatives

Key Responsibilities:

- Shipping/Receiving
- Inventory – keep track of inventory, pick up supplies from vendors
- Heavy Equipment use – forklift, bobcat, crane, hydraulic rigs
- Housekeeping – daily checklist to keep shop clean and running efficiently
- General Labor – basic assembly, grinding metal/paint prep
- Assembling/calibrating equipment for on and offshore work
- Assisting with engineering and R&D
- Various other tasks associated with maintaining field equipment
- Valid and current Class 5 Drivers License
- Forklift & Crane certifications preferred
- Must be willing and able to work through difficult weather conditions and challenging work site environments
- Ability to perform physical tasks, including lifting, moving equipment
- Proficient in mechanical and/or electrical systems
- Job Types: Full-time, Permanent
- Valid and current Class 5 Drivers License
- Forklift & Crane certifications preferred
- Must be willing and able to work through difficult weather conditions and challenging work site environments
- Ability to perform physical tasks, including lifting, moving equipment
- Proficient in mechanical and/or electrical systems
